

Basic Rights in Special Education

with Johanne Pino

from Mass Advocates for Children

When

October 14, 2026

Time

noon - 1:30 PM

Format

Online: ZOOM meeting

Invited participants

Families of school-age children with disabilities who want to know more about processes, supports, and services that schools are obligated to provide. Family and caregivers, educators, agency professionals and all community members are invited to attend.

Questions

Angie at ahawk@servicenet.org

This webinar will provide an overview of special education law and the supports and services school districts are required to provide so that students with disabilities receive a free and appropriate public education (FAPE).

The webinar also addresses legal standards, the special education process, parent and student participation rights and evaluation rights.

REGISTER

Registration deadline:
10/13/26, Noon

If you would like to request interpretation for this webinar, please register no later than October 3, and request interpretation on the form.
