

WHOLE CHILDREN PRESENTS:

# ZOOM ETIQUETTE

[www.wholechildren.org](http://www.wholechildren.org)

When I am in class on Zoom, I  
can have my audio on (  ) if it  
is quiet at my house.

If it is loud at my house I have to turn my audio off () , so my teachers and classmates can hear each other.

If my audio is off and I want  
to say something, I can write  
in the chat.

When I am on Zoom, I can have  
my video on, so people can see  
me.

If someone is doing something  
distracting behind me, I have to turn  
my video off. That way my video will  
not distract my classmates.

When I follow the rules, my classmates can concentrate and know what's happening in class. This makes my peers and teachers happy. I am happy, too.
